Hi [First Name],

Users who stay consistent usually report three outcomes:

- less guesswork around triggers
- more confidence in daily choices
- better continuity between appointments

xHeal platform-level usage to date includes:

- 5,000+ people improving health
- 300,000+ routines completed
- 20,000+ flare-up triggers detected

You do not need perfect adherence to benefit.

You need a system you can keep using.
