

Email 11: Re-engagement - Five Day Reset

Metadata

- Sequence: Re-engagement
- Day: 3
- Send time: 8:15 AM local
- Primary CTA: Start 5-day reset

Subject Line Variants

1. You only need 5 days to see patterns again (Recommended)
2. Your reset plan is ready
3. Let us rebuild momentum this week

Preview Text

Five short days can restore clarity and confidence.

Email Copy

Hi [First Name],

If you want to get back on track, use this simple 5-day reset:

Day 1-2: one symptom + one behavior

Day 3-4: add one routine check-in

Day 5: review your trend snapshot

The goal is not intensity. The goal is consistency.

By the end of five days, most users feel more in control and less reactive.
